24th June 2006

Dear Championship Contender

2006 MO MOTORSPORT/HANGAR 111 AEMC SPRINT CHAMPIONSHIP – BULLETIN 3

Well we are halfway through the year and halfway through the championship, so it is time for a mid season points table. We have 116 registrations and 92 who have scored points, so still time for the 24 others to go Sprinting. As always if you think I have got your score wrong then please let me know and I will check it. The highest points scorers are John Start with 795 and Stephen Laing with 738, both having competed in 8 of the 10 rounds so far. However they will have to start dropping scores soon. Ray Turner is leading the charge for a set of **TOYO** tyres and Stephen Laing leads the way for the **Hangar 111** Lotus award.

Just a reminder that the last page of the points table includes a status of the regulations situation for each round and is like the points regularly updated and put on the we site.

It will soon be time to start planning for the 2007 championship and as always I would be grateful of your comments on the good bits and the bad bits of this year so we can keep the good bits and improve the bad bits. The usual things for discussion are which events to include, the points, the classes and what can be done to cars including tyres. The AEMC is also investigating the use of email mailing lists as a way of cutting down on postage.

Finally why not checkout our sponsors and see what they can do for you. **M.O. Motorsport** and **Hangar 111** are both based near Ipswich. Also check the AEMC web site for updates of the championship points as the site will be updated regularly.

Yours sincerely

Chris Deal
AEMC Sprint Championship Co-ordinator
