Dear Competitor,

Welcome to the second bulletin of the season. Looking at the points table, its going to be a close fight to the finish for drivers Aron Rayner, Richard Upton and reigning champion driver Brett Griffin sharing the top spot. Those drivers just behind these three can still take the title with 5 events left to go. At the top of the tree for the co-drivers is Paul Bareham, but in joint second place there are four people, Scott Rayner, Irene Lewsey, Sam Fordham and Ray Keith who can, and I suspect will, challenge for top honours. Bear in mind that all these contenders compete in a range of different machinery from the Class A Citroen AX to the Class D Sierra!

Its been drama for the two crews who competed on the Dukeries rally in June, with the 106 GTI of Brett Griffin and Sam Fordham having throttle position sensor trouble before they even went off the start line and the Escort of John Taylor having throttle cable trouble towards the end of the event. Happily all crews finished the event having tackled 45miles of forestry roads around Sherwood, Mansfield.

Bradwell-on-Sea saw the biggest entry Wickford have seen on the event in recent with 52 cars starting the event and 44 finishing with the three cars of Brett, John and Justin from the championship in the top 10. Eris Robertson became frustrated that he didn't put his foot down, but after a straightening out session to the front of his Rover after Millbrook, he takes the points in Class A.

On a personal note, may I say a huge thanks to Wickford Auto Club, the current AEMC Club Champions for running a fantastic, relaxed event in the Essex Charity Stages. The only slightly worrying thing for me was seeing an Apache gunship hovering around the start of two stages waiting in anticipation, but when going off on the start line I think all they wanted was a race! Also good to see the Essex Air Ambulance flying around the stages, something the event proceeds go towards.

Enjoy the summer break  
Best regards,

Rob Cook
