

If you plan to run an International Series in 2004 in accordance to International Sporting Code Article 24, the Draft Sporting and Technical Regulations must be submitted together with your Draft Calendar to the MSA no later than the 21st July 2003.

As a guide for your budget the fees payable will be no less than those levied in 2003.

Once sanctioned by the MSA, your application for the Series will be sent to the FIA for its written approval. Success or otherwise of your application will be made known to you after the FIA World Motor Sports Council meets in October.

The MSA has found, from past experience, that there can be long delays in obtaining foreign ASN authorisation and it is therefore essential that the MSA receives this paperwork by no later than the 21st July.

IF YOU THINK THIS MAY AFFECT YOUR CLUB PLEASE PASS THIS MESSAGE ONTO THE APPROPRIATE CLUB OFFICIAL
